

City of San Antonio

SUBJECT: Request for Proposals – FY2017- FY2018 Human and Workforce Development Services Consolidated Funding (RFP 16-036), Scheduled to Open: **May 2, 2016**; Date of Issue: **April 1, 2016**

FROM: Denise Gallegos, C.P.M., CPPB
Procurement Administrator

DATE: April 26, 2016

THIS NOTICE SHALL SERVE AS ADDENDUM NO. III - TO THE ABOVE REFERENCED REQUEST FOR PROPOSAL

QUESTIONS SUBMITTED IN ACCORDANCE WITH SECTION 011, RESTRICTIONS ON COMMUNICATION:

Question 1: During the conference, City staff stated to the audience that funding for the After School Program Challenge would come through a separate RFP process. Extending the learning day is our core service and we are looking to identify opportunities that will support and scale our current and future business operations. Can you confirm whether or not the comment staff made a couple of weeks ago is in fact correct? If so, when should we anticipate the RFP for after school program dollars to surface?

Response 1: DHS operates and funds the After School Challenge Program through interlocal agreements with 8 school districts. After School Challenge is funded equally across districts on a per student basis with the same general components. Some districts provide the services themselves and some subcontract the funding to non-profit agencies. Agencies interested in subcontracting should contact the school districts directly for information on their contracting process.

The City does fund a few out-of-school time programs (held after school or during the summer) through the Youth Services category of the Consolidated Funding RFP. In those cases, the programs target a specific at-risk population, such as girls at risk of teen pregnancy or programs provided in a community center in an area of need. A proposal in this area should describe how the program is unique; is not duplicative of After School Challenge; and/or targets a population that is underserved or an issue that is not addressed by After School Challenge.
